

Oshkosh North eAcademy  
2019-2020

Welcome to your eAcademy class! I am so excited to be a part of your online learning. Below I have included some important information that will help ensure your success in your course.

**10 Things That Will Bring You Success**

1. The expectation is that all assigned work is to be completed according to the Target Due Dates provided in the course grade book.
2. You will need to plan and work ahead if family or personal activities will limit course activities at any given time.
3. If school is cancelled due to inclement weather, you are expected to work on your course at home so that you don't fall behind.
4. Blank submissions are the same as not submitted assignments and may result in a zero if not turned in by the target due date. ***Please familiarize yourself with your teachers policy on missing work as this may vary from teacher to teacher.***
5. You must complete all of the required assignments **before** you take the final exam.
6. You should communicate with your teacher on a regular basis.
7. **When you are ready to take your final exam, you need to email your teacher to let him/her know so that they can "flag" you for the final.**
8. Courses must be completed by the last published final exam date.
9. If you fail an eAcademy course, you will not be allowed to take another online class in the Learning Center.
10. I am here to help you in any way that I can. Your success in your online course is of utmost importance.

Here's to a great semester!

All my best,  
Mrs. Thede
